

Mentor-Apprentice Program Reflections

Apprentices: Please complete this short report reflecting on your year as an apprentice. There are no right or wrong answers so feel free to share your thoughts. Your input will help future teams, and it also helps us to provide information to our funders to make the case for continued funding.

Reflections on Your Experiences:

1. Challenges. Talk about at least one thing that you found challenging working with your mentor, and talk about how you tried to overcome the challenge.

2. Successes. Talk about your favourite things to do. What kinds of activities do you like to do with your mentor? What are some things you do that get the language flowing?

3. Community and family. Talk about how you've used your language in the community over the last year, in any way. For example, have you started using the language more with your kids, grandkids or other family members? Do you greet other elders when you see them? Have you spoken at an event? It can be anything at all.

4. Self-assessment. Take a moment to reflect on how much you've learned this year. Do you have more confidence speaking? Have you mentored something about your language's grammar? You should be proud of your work and how much you've learned.

5. Anything else you want to add about this past year?

Goals for Future Language Learning

1. Challenges. Think of a challenge you want to improve on in the coming year.

2. Successes. Think about something new you would like to learn.

3. Community. Think of one thing you can do to bring more language into your family and community.

4. Self-assessment. Think of one thing you want to work on over the next year. For example, can you talk about things that happened in the past, or things that will happen in the future?

5. Anything else you want to add about your hopes for your future language learning?

THANK YOU FOR YOUR REFLECTIONS! WE APPRECIATE YOUR INPUT!
