Keeper Conversations: A Gathering of Community Voices

Helping the Environment, Grade 3

The Environment Around Us

The **environment** is everything around us, including land, water, air, animals, and plants. Look out a window and draw what you see!

Date: _____

Environmental Helper Tips

Let's learn how to care for the environment! Match each tip to an action you can take at home to help the environment.

Tip

Plants need water to grow, especially on hot days.

Lights use power. Leaving them on can waste energy.

Trees help clean the air.

Paper, cans, and bottles can be recycled.

Cars can make the air dirty and need a lot of energy to run.

You can use both sides of a piece of paper.

Action

Put recycling in the blue bin. 

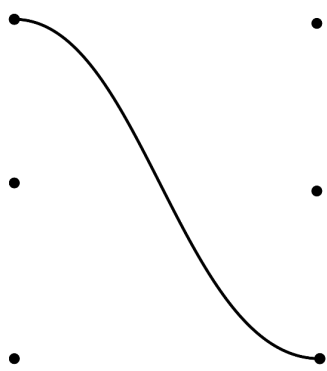

Turn off the lights. 

Water plants. 

Walk or bike to school. 

Plant a tree. 

Reuse paper. 

Share another tip and a matching action you can do at home to help the environment!
