

Activity: Pre-Contact Housing Research Log

1. What is the name of the home you researched?

2. Who built a home like this? Name the First Nation group and their location.

3. What does the home look like? Draw a sketch with labels and write a description.

4. What materials were used to build the home?

5. What building techniques would the people have used to build their homes?

6. Are there any characteristics that stand out or need to be noted about this particular home?

7. What resources did you use to answer the questions on housing of the past?
